

EDUBLOX
Reading, maths and learning clinic

The worksheet contains five rows of visual discrimination problems, each represented as an addition equation using mushrooms:

- Row 1: 1 mushroom with 3 white spots + 1 mushroom with 1 white spot = 1 mushroom with 4 white spots
- Row 2: 1 mushroom with 2 white spots + 1 mushroom with 2 white spots = 1 mushroom with 4 white spots
- Row 3: 1 mushroom with 1 white spot + 1 mushroom with 4 white spots = 1 mushroom with 5 white spots
- Row 4: 1 mushroom with 2 white spots + 1 mushroom with 3 white spots = 1 mushroom with 5 white spots
- Row 5: 1 mushroom with 3 white spots + 1 mushroom with 1 white spot = 1 mushroom with 4 white spots
