

Jigsaw Puzzle Masked Ball

This diagram illustrates the assembly of a jigsaw puzzle. On the left, a vertical red bar contains a yellow puzzle piece icon at the top and two cartoon children's faces at the bottom. The main puzzle area is divided into three sections:

- Top Left:** A small 2x2 grid of four colorful puzzle pieces showing a scene with balloons and characters.
- Middle Left:** A single puzzle piece showing a pirate character with a skull and crossbones on his mask.
- Right:** A large 3x3 grid of nine puzzle pieces. The top row consists of three grey pieces with white balloon outlines. The middle row contains three pieces showing a girl in a witch costume, a girl in a cat costume, and a girl in a wizard costume. The bottom row contains three pieces showing a boy in a striped shirt, a boy in a blue and white outfit, and a boy in a yellow and blue superhero costume.

A large red arrow points from the top-left 2x2 grid towards the right side of the puzzle, indicating the direction of assembly.
